

## **GAIN CROSSWORD CONNECT**

Game for 2, 3 or 4 players

- 1- To Start - separate the dots and divide them equally among the players. Then scramble the remaining letters face down on the floor and divide equally among the players
- 2- The game starts by all trying to make a word, the player with the longest word puts his/her word down first. The play continues to the left of the starter.
- 3- You can put your word on the crossword any way up, down or sideways as long as when laying your letters it spells a word in the English dictionary and uses one letter in any previously played word
- 4- A Piece with a dot on can be used to replace any letter only one dot can be used in a word. Any dots already in the crossword can only be used in another word as the letter they initially replaced
- 5- You can miss a turn if you have said "scrambled" then continue next time it's your turn if you think of a word. If you forget to say "Scrambled" you must wait another turn
- 6- If you cannot go say "scrambled" you must wait until everyone else can't go then count how many letters you have left
- 7- First player to use all their letters is the WINNER
- 8- If no one can go the player with the least letters is the winner.
